Section 504

Section 504 is an Act that prohibits discrimination against persons with a disability in any program receiving federal financial assistance. The Act defines a person with a disability as anyone who: has a mental or physical impairment which substantially limits one or more major life activities (caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working); has a record of such impairment; or is regarded as having such an impairment.

In order to fulfill its obligation under Section 504, Sumter School District recognizes a responsibility to avoid discrimination in policies and practices regarding personnel and students. No discrimination against any person with a disability will knowingly be permitted in any of the programs and practices in the school system. The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate and if the child is determined to be eligible under Section 504, to afford access to appropriate and comparable educational services.

If there are questions, please feel free to contact Dr. Shawn Hagerty, director of specialized programs, at 774-5500.

Parent's Right To Know Teacher Qualifications

Under NCLB, parents/guardians have the right to obtain information regarding the qualifications of their child's teachers. Specifically, parents/guardians have the right to know what type of certificate the teacher holds, what subjects the teacher is certified to teach, and the teacher's major and any graduate degrees.

Most of this information is accessible through the State Department of Education's Division of Quality Website, <http://ed.sc.gov/agency/ac/Federal-and-State-Accountability/Title-II/ParentsRighttoKnowRequirement.cfm>. You may search for this information by entering the teacher's name directly or by accessing a listing of all teachers by district or school name. Only teachers currently employed in South Carolina's school districts are included in this listing. Information obtained through the Teacher Qualification Search Website is intended for informational use only and is not an official record.

If a child attends a Title I school and is taught four consecutive weeks by a teacher not meeting the criteria of Highly Qualified, the school will send a letter home explaining the teacher's qualifications.

If parents do not have access to the Internet or wish to receive additional information, please send a letter of request addressed to the child's school principal giving the name of the teacher and the grade or subject the person teaches, as well as the specific information you are requesting. The information will be provided to you within a reasonable period of time, normally within three weeks of receiving your request.

Asbestos Management Plan Notification ---

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), Sumter School District had inspections performed at each of our school buildings for asbestos containing building materials in 1988 and 1989. The inspection reports and asbestos management plans have been on file in each school's administrative office since that time, as required by the AHERA Regulations. Reinspections are performed every three years.

Sumter School District continues to manage asbestos containing materials in place in each school until at such time the asbestos containing materials can be properly removed and disposed of at an approved landfill.

FERPA/Public Information ---

Under the Family Educational Rights and Privacy Act (FERPA), individual student records including grades, test scores, evaluations, etc., are not available for public inspection. This information is only available to the student's parents, guardians, or to the student of legal age. Federal law does, however, allow student information that would not generally be considered harmful or an invasion of privacy to be disclosed. The law refers to this as directory information.

Directory information includes the student's name, address, phone number, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended.

Sumter School District does **not** publish any kind of directory of students, but the information allows us to include a child's name, photograph, accomplishment, or quote in certain school and district publications. During the course of a child's school career, he or she will participate in a variety of

academic, athletic, fine arts, and other events and activities in which he or she may be photographed or interviewed by district or school staff or news media. Information about a child may appear in newspaper articles, on television, in radio broadcasts, on displays, on the website, or in district or school promotional pieces. The district also discloses directory information to armed services recruiters, upon request.

If a parent/guardian objects to the release of this information, please notify the Superintendent in writing at 1345 Wilson Hall Road, Sumter, SC 29150, within 15 days of receipt of the notice. If a parent/guardian does not submit a written objection, the district will be able to release this information as appropriate.

The use of any information by Sumter School District is for the promotion of our students and district. Any questions concerning student records should be addressed to the guidance office of the individual school.
